COOKIE POLICY

1. Definition of Cookies

1.1. Cookies are small text strings that the sites visited by the user send to the device used (e.g. computer, tablet, smartphone, notebook, etc..), where they are stored and then retransmitted to the same sites the next time the same user visits.

Cookies may be subject to prior consent.

1.2. The cookie makes it possible to identify the device in which it is stored throughout its period of validity or registration. During visits to the Site, information relating to navigation data received by the user's device may be stored in "cookies" installed on that device.

1.3. Cookies perform various functions and allow you to navigate the Site efficiently, remembering your preferences and improving your browsing experience.

They may also help personalize the advertisements shown to him while he is browsing and the marketing activities directed to him, ensuring that they are carried out in a manner consistent with his interests and preferences.

1.4. You can change your cookie settings at any time. Below is more information about the cookies used by the Site and how to manage your cookie settings.

2. Types of Cookies Used

2.1. When you connect to the Site through your browser, cookies may be installed on your device in order to recognize your device, ensure your use of the Site for the duration of the validity period of the cookies and collect information about your access to the Site.

2.2. While browsing the Site, the user may also receive cookies on his terminal that are sent by different sites or web servers (so-called "third parties"), on which some elements (e.g. images, maps, sounds, specific links to pages of other domains) present on the site he is visiting may reside. There may be, therefore, under this profile

2.2.1. **First-party cookies**, sent directly from VipHouses Investments to the user's device.

2.2.2. **Third-party cookies**, originating from a third party but sent on behalf of VipHouses Investments.

2.3. Depending on the purpose for which cookies are used, they can be distinguished in:

2.3.1. Technical Cookies: their use is strictly limited to the transmission of session identification data (random numbers generated by the server), necessary to allow the safe and efficient exploration of the Site; they are not permanently stored on the user's computer and disappear when the browser is closed. The use of such cookies is aimed at the security and improvement of the service offered.

2.3.3. Cookie Analytics: VipHouses Investments uses analytics cookies in order to analyze the number of users and how they use the Site, information that is collected in aggregate form.

2.3.4. These cookies can be used for these purposes only with the user's consent.

2.3.5. Social Plugin: The Site contains plug-ins from *social networks* (e.g. Facebook, Twitter, LinkedIn, Instagram, Pinterest, etc.). By accessing a page of the Site with such a plug-in, the Internet browser connects directly to the servers of the *social network* and the plug-in is displayed on the screen thanks to the connection with the browser.

Even if the user is not registered to *social networks*, websites with active *social plugins* can send data to the *networks*. Through an active plugin, an encrypted cookie will be set each time you access the Site. Since the user's browser at each connection with a server of a *network* sends this cookie without request, the *network* may create a profile that recalls websites that the user has visited.
